

CINAHL: Search for Evaluation of Nursing Residency Programs

1. From the **Levy Library** web page, click on the link to **CINAHL Plus w/full text** under **Popular Tools**
2. At the top of the page select “Suggest Subject Terms” box and write “nurse residency” in the top grey box and select Search
4. Scan the available subject terms.
5. Click on the phrase “Internship and Residency” to display the heading along with related terms.
6. Click on the plus sign next to “education, nursing” to display all related terms and then check the box beside “education, nursing.” Check the box next to “internship and residency” at the bottom as well
7. Your subject terms now appear in the “Search Database” box on the right hand side of the screen. Check the box “explode” beside “education, nursing”. Select combine selections with “**and**” and press “Search Database”
8. There are over 600 articles in your search results.
9. There are several options to narrow your search results on the left sidebar. Slide the cursor over on publication date to 2010 to show articles published from 2010 to 2020. Under Source Types, select “academic journals”. There are now over 350 articles in your search results.
10. To narrow your search results further, scroll to the top of the page and click on “Advanced Search”
11. From the Advanced Search page, enter the terms “Evaluation OR Assessment” in the second search box under the (MH "Education, Nursing+") AND (MH "Internship and Residency") terms
12. Select “First Author is a Nurse” and “English Language” from the list of limiters and press Search at the bottom (yellow button) again
13. There are now 17 articles in your search results. Scroll through the results and click on “find it at the Levy library” to get full-text, select “click for full text” on the new page. Scan the journal page and download the PDF.
